
DOOR ENTRY MANAGEMENT PLATFORM FOR YOUR SITES

Simplify the management of your buildings and it's occupants

We designed this management platform with ease of use in mind. We created an exclusive product for you, the building manager. A simple and intuitive, but at the same time flexible and safe platform to allow you to manage the Comelit door entry system of your sites in the easiest way.

Manage

Manage all of your building in one single platform.

Freedom

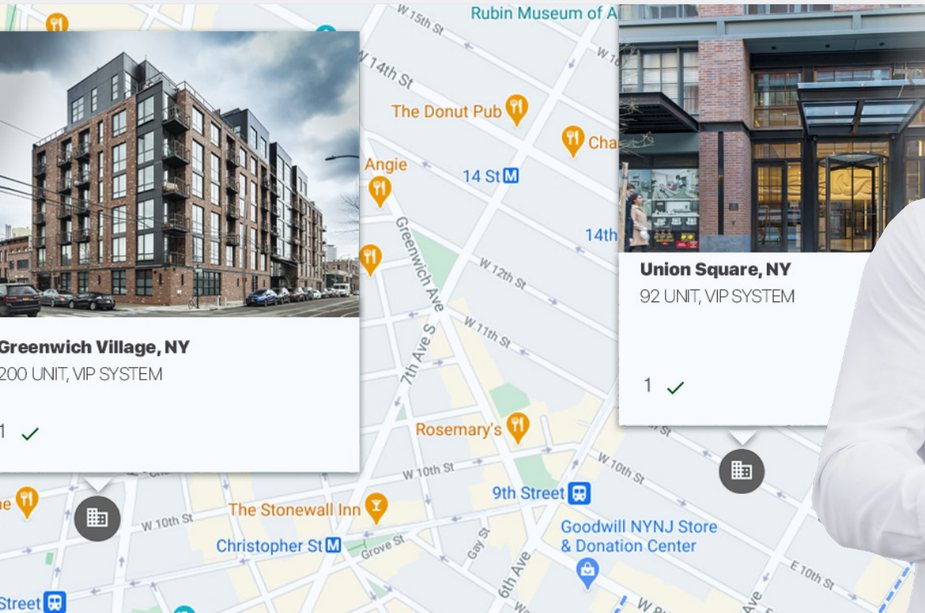
Update information from any PC, tablet or smartphone.

Share

Shared management with your team members.

Support

Dedicated acces for the installer for updates or service.



Peace of mind

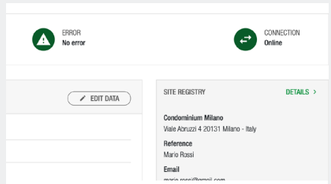
Manage your systems with the new platform developed by Comelit and designed to meet your needs and offer you the peace of mind having everything under control.

Save money, time and resources

Make the management of your systems and the necessary changes faster and more efficient. Different user roles allow you to share the system with your team and your installation company.

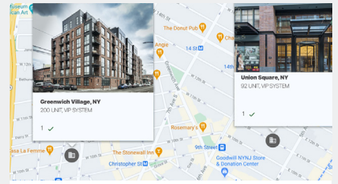
Manage name changes from wherever you are in seconds

Change the name of the tenants with just a few clicks and update the digital panels from anywhere.



Manage the health of your systems in real time

Monitor the status of your system 24/7. And be alerted of any outages that may happen. Keeping you one step ahead!



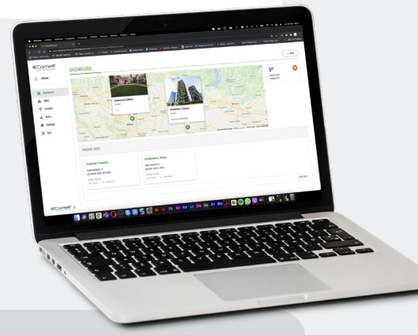
Interactive map to easily find your properties

Do you manage several buildings and find it difficult to quickly identify the building you're looking for? With this platform it is possible to view all of your buildings on an interactive map.

Setup new tenant's devices with ease

Adding and removing tennants is as easy as entering or removing an email address. Granting access to the new tenants and removing the previous immediately.

Manage your sites with ease, starting from **today** thanks to the new Comelit dashboard!



Questions or would like to schedule a demo?

We're here to help! From offering expert advice to technical support, we've got you covered.
